

Soldi Smart

The LED symbols provide a clear result in less than a second.

Soldi Smart Pro

Green signal frame: genuine banknote
Red signal frame: suspicious banknote

Signal frame and signal tone can be switched off for a more discreet counterfeit detection.

Soldi Smart – Automatic banknote detector

A compact solution ideal for the POS – the automatic banknote detector Soldi Smart. The LED symbol and the acoustic alarm provide a clear result in less than one second. No manual testing required, no extra features, no staff training required!

- ✓ Compact banknote detector – ideal for the POS
- ✓ One device | one function: turn on and check
- ✓ Sovereign dealing with high banknotes
- ✓ Detection: IR | MG | MT | SD
- ✓ Operation via mains cable and rechargeable battery (optionally available)
- ✓ Easy to open and easy to clean

Soldi Smart Pro – Automatic banknote detector

Innovative and discreet – the automatic banknote detector Soldi Smart Pro with counting function. The LED signal frame and the acoustical alarm provide a clear result at the POS. Both signals can be disabled for a discreet test. Besides the detection of banknotes, through the 5-language user menu other functions can be operated.

- ✓ Clear result through a signal frame (ON- | OFF function)
- ✓ 14-segment LED display with user manual (in 5 languages)
- ✓ Sovereign dealing with high banknotes
- ✓ Detection: IR | MG | MT | SD
- ✓ Easy to open and easy to clean
