**Soldi Smart Plus – Automatic banknote detector**

Soldi Smart Plus

**Innovative and highly efficient!**

Our new automatic banknote detector Soldi Smart Plus with counting function. The high-quality LED display and the acoustic warning signal provide a clear result at the POS. Besides the detection of banknotes, through the 5-language user menu other functions can be operated.

- ✓ Compact banknote detector – ideal for the POS
- ✓ Currencies: EUR | GBP | CHF | others optional
- ✓ Detection: IR | MG | MT | SD (100% reliability according to ECB standard)
- ✓ Clear result due to acoustic warning signal indications on the LED display and direction of the banknote ejection
- ✓ High-quality LED display with user manual (5 languages)
- ✓ Sovereign dealing with high banknotes
- ✓ Operation via mains cable and rechargeable battery (optionally available)
- ✓ Easy to open and easy to clean
- ✓ Simple and intuitive operation

The error messages indicated on the LED display provide a clear result.

High-quality LED display with 5-language user menu.

Additional warning signals: Banknote ejection (front or rear) and hold of suspicious banknotes.

Easy-to-open construction for an unproblematic cleaning and maintenance of the device.
